

OWINGSVILLE OUTLOOK

OWINGSVILLE, KENTUCKY

Barth supports a professional bird hunter, who keeps scientific fowl eggs supplied with birds and eggs. He is the only man in the country permitted to do so.

A second steamship is to be placed in service upon Lake Titicaca, in Peru, the largest lake in the world. It will carry 1,000 tons above sea level. There is already one in service in traffic upon this sheet of water.

According to German papers there are two industries in Belgium which own their existence solely to the fact that denaturated alcohol is not subject to any tax in Belgium, namely, the manufacture of ether and of artificial silk, which runs about 2,500,000 gallons of alcohol per year.

Luminous shrimps have been discovered by the prince of Monaco in the course of his deep sea fishing in the Mediterranean. They live at a depth of from 1,000 to 2,000 fathoms. They are studied with much photographic interest. These light they give in the form of a blue glow.

It is not generally known that industrial Russia, where it is being developed at all, is being developed by foreign capital. Many millions of American and English capital are invested in Russia, and the future of the war is a matter of paramount importance to such enterprises and those interested in them.

Unless all steam fall summer travel by rail, steamboat and ocean liner will be heavier this year than ever before. This is in spite of the fact that the summer weather has been a long while in coming. For years past the Atlantic summer travel has been steadily growing, but this year, while some reports will be more numerous than any other season.

Paragona Butler (Cons. of England, who at the age of 65, married the late Admiral Butler, 80 years her junior, lately celebrated her birthday. She is still quite robust and active. Her several papers appear to be as active as those of the late admiral.

President Roosevelt, in a letter addressed to Secretary Taft, directed the attention of the latter to the fact that the United States is a party to the League of Nations, and that it is the duty of the United States to uphold the League.

The patriotic Americans who desire to achieve nobility as a political class, need not go to the Alps, or to the desert, or to the mountains, or to the sea, or to the land, or to the air, or to the water, or to the earth, or to the sky, or to the sun, or to the moon, or to the stars, or to the planets, or to the galaxies, or to the universe.

French physicians say that epidemic cerebro spinal meningitis, otherwise called fever, is not yet in the Alps, or in the desert, or in the mountains, or in the sea, or in the land, or in the air, or in the water, or in the earth, or in the sky, or in the sun, or in the moon, or in the stars, or in the planets, or in the galaxies, or in the universe.

The cause of the Philippines, just published, shows that the forests in the islands, in which about 100,000 acres of woods, are worth about \$2,000,000,000, or double those of the States of Oregon and Washington. The forests are worth about \$2,000,000,000, or double those of the States of Oregon and Washington.

The renovation of J. Pierpont Morgan's house at Madison avenue and Thirty-ninth street, New York, during the absence of the family in Europe has brought to the surface Miss Mary Maxson Reed, household secretary to the great financier, and one of the highest married women in the world. She was declared unconstitutionally insane by the New York State Supreme Court in 1906, a year after her marriage to Mr. Morgan. The Standard Oil magazine, says to Miss Katharine Harrison, and Miss a year more than Miss Katharine Harrison, and Miss a year more than Miss Katharine Harrison.

The tipping habit is growing among the American people, according to the news of the business of the California drink bill has increased during the past year so that each of the 1,134,000 inhabitants of California consumes an average of \$18.33 annually for alcoholic drinks, or \$16.65 for each person, or six persons, which is an equivalent of one glass of beer a day for every one of the population. The bill has increased from 1.01 gallons for each person in 1894 to 1.45 gallons in 1904. The consumption of wine in the same period shows a gain of 100 per cent.

Great Britain is greatly engaged in strengthening her coast defenses in Western Canada by building a fort at Esquimaux, B. C. The "war in the far East" has caused the withdrawal of the entire Pacific squadron from the Canadian coast in order to protect British holdings in order to protect British holdings in order to protect British holdings.

Statistics of imports into Baltimore point to the fact that the United States is not getting its fair share of the trade of that thrifty and progressive country. During the past year, Argentina, for example, is credited with an import of 1,400 barrels of corn, whereas the amount received was only 1,000 barrels. The United States is not getting its fair share of the trade of that thrifty and progressive country.

Several international conferences have recently been held in the district of Columbia, B. C. The United States is not getting its fair share of the trade of that thrifty and progressive country. During the past year, Argentina, for example, is credited with an import of 1,400 barrels of corn, whereas the amount received was only 1,000 barrels. The United States is not getting its fair share of the trade of that thrifty and progressive country.

A mob took from the jail at Camden, N. J., the negro who shot and killed the New Jersey State Senator, and carried him across the river to the city of Camden, N. J., where he was shot and killed. The United States is not getting its fair share of the trade of that thrifty and progressive country.

PROPOSING PEACE

Proposition for Date of Meeting Submitted to Russia.

It is Under Consideration—Negotiations Will Probably Begin During the First Week or Ten Days of August.

St. Petersburg, June 26.—Negotiations for the settlement of the Russo-Japanese war have been taken an important step forward, a proposition for the date of the meeting of the plenipotentiaries at Washington having been submitted to Russia. The exact date proposed has not been ascertained but there is reason to suppose that it is some time during the first week or ten days of August.

The Russian plenipotentiaries will be expected to arrive in Washington about the first of August. The Japanese plenipotentiaries will be expected to arrive in Washington about the first of August.
